

Gangtok - Delisso Abode

Shrouded in clouds and mists, with the stately Kanchenjunga and the Shivalik mountain ranges as backdrop, Gangtok is a happy medley of contrasts. On one hand lies the serene, sublime beauty of parks, gardens and monasteries; while on the other is a bustling modern city and the colourful local market of MG Road. The city's popular nature based eco-tourism like mountaineering, hiking and river rafting is worth a try even if you are a non-adventurist. All in all, Gangtok creates magical memories for every traveller.
