

# Yercaud - Rock Perch

Yercaud literally means 'Lake Forest', as this small hamlet has formed around a beautiful lake at its centre with heavily wooded forests and pretty gardens all around it. Rock Perch, the Sterling Holidays resort, is at a walking distance from some key tourist spots like Lady's Seat, Gent's Seat, Children's Seat and the Rose Garden. The resort overlooks the lush green coffee plantation on the slope of Shevaroy Hills and at dusk, you get a fantastic view as Salem city lights up at the foot of the hills.
