Sterling Holiday Resorts announced the launch of Sterling Marbella Dehradun, the city's first-ever Spanish-themed hotel in the Himalayan foothills, an idyllic haven for year-round adventures.

Dehradun is the gateway to the Garhwal region, and Sterling Marbella Dehradun is ideally situated on the popular Rajpur road in the heart of the city. Inspired by the life and culture of Spain, this iconic hotel exudes the charm of Spanish and Moorish architecture through every nook and corner - 500 pieces of paintings, photographs and sculptures adorn the walls and ceilings of this traveller's sanctuary.

Sterling Marbella Dehradun offers 37 European-styled rooms and suites, designed to provide an Andalusian experience. Each accommodation option features stylish interiors, making it perfect for families, solo travellers, and business visitors.

The hotel's rooftop venue, Dreamers Restro, stands out as a popular destination for both private events and lively nightlife. Featuring indoor and outdoor spaces, Dreamers Restro offers an eclectic menu that features Indian favourites and Spanish specialities. Guests can savor delicacies like paella, tapas, tortilla, gazpachos, and sangrias while enjoying live music and the pleasant Dehradun weather.

Sterling Marbella Dehradun also features versatile banquet spaces, including an indoor board room accommodating 16 guests and an outdoor rooftop terrace for up to 75 guests, ideal for intimate celebrations and private meetings.

Vikram Lalvani, managing director and CEO of Sterling Holiday Resorts, shared, "We are thrilled to introduce Sterling Marbella Dehradun, a perfect amalgamation of Indian hospitality in Spanish themed setting. Dehradun for us is a crucial entry point for Uttarakhand and is an ideal mix of leisure and business travel converging between Haridwar, Mussoorie or Rishikesh."

"We are delighted to collaborate with Sterling Holiday Resorts through our transaction partner, Horizon Consulting. About our hotel, we wanted to bring the essence of Spain to our hometown and therefore we travelled to Marbella in the south of Spain, to imbibe the architecture and culture of the place. We have incorporated the same style in the architecture and iconic designs across the interiors & exteriors of our hotel. Sterling Marbella Dehradun promises to be a landmark destination that offers guests unique cultural and culinary experiences," said Inderjeet Singh and Komalbir Singh, founding partners, Marbella Hotel & Resorts, LLP.
