Sterling Holiday Resorts has announced the launch of Sterling Stolen Heaven Lonavala, a condo-styled resort nestled in Karla on the outskirts of the picturesque hill station of Lonavala, Maharashtra

Strategically located near the iconic Bhaja Caves and Karla Caves, the resort is located amidst a sprawling 80 acres of greenery with over 15,000 trees with an Air Quality Index of 11 - providing a green lung-space for guests from Mumbai and Pune.

Located in a gated-estate away from the highway, the resort provides serene surroundings, with its own 2.5 km bicycle track, large swimming pool and the surrounding greenery that includes 450 fruit-bearing trees.

"We are thrilled to introduce Sterling Stolen Heaven Lonavala, our second resort in Lonavala. The resort will provide guests with a different stay experience – with large condo-style rooms and located away from the bustle of the town, with acres of green space to detox and rejuvenate," said Vikram Lalvani, Managing Director & CEO, [Sterling Holiday Resorts](#).

For day long experiences around the resort, guests can try the nearby Ekvira Temple, Karla Caves, Bhaja Caves, Lohagad Fort, Kune Waterfalls, and Lonavala National Park. The resort also offers a range of activities, including shopping for local delicacies, visiting water parks, hiking, and more. "We are excited to be associated with Sterling Holidays Resorts, one of India's leading hospitality brands. Designed with the thought of providing a convenient getaway from Mumbai and Pune Sterling Stolen Heaven is equipped with all modern facilities and amenities for families and corporates," said Mudhit Gupta, Founder Emgee Group.
